To The Class of 1986:

On behalf of the staff and myself, we congratulate you on this occasion of your graduation from Fairhaven High School and commend you highly for your achievements. The class has been impressive throughout these past three years, a truly outstanding group.

During the past three years, I have watched you become more poised and confident in your capabilities and have been pleased to see your accomplishments. You have contributed much to your school and that contribution has helped your own development.

Best wishes in all the years ahead. May they be happy and fulfilling ones for you. Godspeed.

Sincerely,

A handwritten signature in cursive script that reads "Carlton C. Albritton". The signature is written in dark ink and is positioned above the printed name.

Carlton C. Albritton

It is with great respect and appreciation that our class dedicates the 1986 Huttlestonian to Ms. Debra Bogalhas. For three years, she has helped to guide and advise the Class of '86 through many good times.

Ms. Bogalhas has assisted many students with patience and understanding. Our class had benefited greatly from her coordination of many projects and events. Without her help, the Class of '86 would surely be missing many good memories. Her ambition, drive, and sincerity have set an example for the students of F.H.S.

She has certainly been a crucial part in the success of our class. We leave with many thanks to and sincere admiration of Ms. Bogalhas from the Class of '86.

... And the wise man says, "Speak not from the heart, but from the mind, that is where the truth lies." Yet, when the boy speaks from his mind alone, he is cold and insensitive. So the wise man says, "Find the median between intellect and emotion, and there will lie reason." But when the boy finds that line and tries to follow it, he is indecisive. Finally, the wise man says, "Search for that part within you called your self, and ask only that self for the answers to life's most difficult questions. For it is only your self that can know what is best for you." The boy took the sage advice of the wise man and found in himself his best friend.

## STUDENT

This year we were fortunate to have Natalia Szeier from Grafendorf, Austria as our American Field Service Exchange Student. In July, Natalia was one of forty Austrians who were able to come to America through A.F.S. After a period of orientation, she came to Fairhaven and met her host family, the Rogers. Making friends came easy to her, even before school began, especially since many of us were so interested in meeting her.

Natalia, like most A.F.S. students has attempted to put as much as she could into the one year she's spent in America. She chose courses in school that provided her with a full schedule. She participated in Athletics; she ran Cross Country and played Tennis. Her other school activities included A.F.S. Club, French Club, Band (She played the flute with them when they went to Toronto.), Orchestra, and ANNIE. Natalia had numerous A.F.S. responsibilities as well. Her travels included trips to Cape Cod and skiing trips to New Hampshire. It seemed her energy was limitless. How did she do it all?

When Natalia leaves in July, we hope she will take many wonderful memories with her. For many members of the Class of '86, their Senior year at F.H.S. was even more special because Natalia was here to share it with them.

As we are about to embark on a new stage in our lives, we are fortunate to take many memories with us. The Class of '86 has achieved much in the short span of three years. In our hearts and minds we have developed ourselves through the bittersweet times that create the unique experience of high school.

Each of us has received much, yet we have also given something to one another. We have learned much from our school, yet we have also given something back. F.H.S. is only so many memories now, because we have left and will never return under the exact circumstances which brought us together as the Class of '86.

We have continued a tradition, building upon it each year, creating our own niche in the auspicious history of F.H.S. For eighty years now, F.H.S. has left her mark on generations of students. We can only hope to have made a lasting impression on her. We leave behind the valued achievements for which we have paid with hard work and perseverance. This along with our memories will be the only thing left once we have passed by, side-by-side, in blue and white.

April was an exciting month for three groups of students from F.H.S. Two groups crossed the Atlantic while the other crossed the border to Canada. Mr. Dufour led the largest group to Quebec. The four-day trip gave the French Club a chance to use their French while staying at the Chateau Frontenac. Italy was the focal point for students under the direction of Mr. Foley. The ancient sites of Rome were some of the main attractions. The third group spent ten-days crossing Europe. Mr. Paquin led them to Belgium, Germany, England, and France.

Your friends ask for your address,  
but you know they won't write.

Your teachers tell you to come back  
and see them,  
but you know you never will.

One day this won't matter,  
but for now it hurts.

A little.

# You've got a great future to look forward to.

## Guard it.

After basic training, you'll serve two days a month plus two weeks annual training. You'll be serving close to home or school, helping people in your community, state and country when natural disasters or other emergencies strike.

Good pay, good benefits and a chance to protect all that's close to you—including your future. It's all yours when you graduate to Guarding.

For more information, call your local Army Guard recruiter.

## ARMY NATIONAL GUARD

**Work with us part-time;  
go to school full-time.**

**100%**

## FREE TUITION

**To any Massachusetts**

**Funded College or University**

Whatever degree you're after, the Army Guard can make getting it financially easier.

Under the New GI Bill, you'll qualify for up to \$5,000 for tuition and books. Then, you'll get another \$11,000—or more—in monthly Army Guard paychecks. Plus a cash bonus of up to \$2,000, depending on your military specialty.

And if you have college loans, the Guard will help you pay those off, too, with up to \$1,500 extra a year.
